

# SAMUEL WAGNER

## Web Developer / IT Professional

samuel.thomas.wagner@gmail.com • 843.729.3894 • [www.linkedin.com/in/samuel-wagner](http://www.linkedin.com/in/samuel-wagner) • [samueltwagner.github.io](http://samueltwagner.github.io)

## EDUCATION

### B.S. in Web Development and Design

Brigham Young University – Idaho

April 2020

## SKILLS

### Languages

- HTML, CSS, JavaScript, PHP, Java, Typescript
- C#, ASP.Net Core, MVC Architecture
- Angular 8
- Node.js and MongoDB
- SQL and NoSQL databases

### Tools

- VS Code and Visual Studio
- Git and GitHub
- Web API's and JSON data
- Postman
- ServiceNow and Jira
- Shopify and WordPress

## PROJECTS

### Workout Tracker App

Using Angular on the frontend and .Net on the backend, my partner and I created an app where the user can add, delete, and update a workout.

### Forms Management Web App

Using HTML, CSS, and JavaScript, I helped develop the frontend of an internal application in C# that allows company employees submit and pass forms to one another.

### P90X3 Mobile App (Current Project)

Using the MEAN stack, I'm creating a P90X3 App that allows you to track workouts and create a profile for IOS devices.

## EXPERIENCE

### Teaching Assistant - .Net Web Development

Brigham Young University-Idaho

Rexburg, ID

Jan 2020 - Present

- Assisted Professor Tim Thayne, helping students build applications using .Net Framework and .Net Core
- Held weekly Lab session to assist students further

### Software Developer Intern

Berkeley Electric Coop

North Charleston, SC

May 2017 - Aug 2017

- Coordinated with two other developers to create a web application that allowed users to submit/sign forms
- Developed 404 error page and travel forms to be submitted electronically (Using HTML, CSS, and JQuery)
- Used C#, Asp.net and the MVC framework for the backend
- SQL Server Manager to manage/query database
